A VOICE

From the Executive Mansion.

MR. A. K. HAWKES—Dear Sir: The anti-spectacles you furnished me some time since give excellent satisfaction. I have tested them by use, and must say they are unequalled in clearness and brilliancy by any that I have ever worn. Respectfully,
JOHN B. GORDON,
Governor of Georgia.

Slavin and McAuliffe.

They Surrender Themselves in Court.

REMANDED UNTIL FRIDAY.

Each Man to Furnish His Personal Security of One Thousand Pounds—Cause of the Chinese Floods—The King of Holland Seriously Ill—Various Other Foreign News.

LONDON, Sept. 30.—Yesterday McAuliffe and Slavin surrendered themselves to the police and were arraigned in the Lambeth police court, charged with having committed a breach of the peace. Previous to their surrender the men had learned that the authorities intended to prosecute them for fighting.

An inspector of police testified in court that though the men wore gloves which had the appearance of ordinary boxing-gloves, he had seen the seconds working the padding from the backs down to the points of the fingers while putting them on the men. Gloves thus manipulated were, he said, useless as a protection against the infliction of injury. He described the contest as a fierce and savage fight, not a scientific boxing match.

The prisoners were remanded until Friday. Each man was required to furnish his personal surety in £1,000 and two bondsmen, each of whom must qualify for £2,000.

Almost a Riot.

PARIS, Sept. 30.—In a speech delivered at the opening of a new bridge over the Seine at Conflans by Sainte Honorine, yesterday, M. Guyot, minister of public works, expressed regret that, notwithstanding the recent exposure of Boulangist methods, there were still in France those who were willing to fly a flag other than that of the republic.

The crowd manifesting some disapproval, M. Guyot continued: "Accomplices of the aspirant to the throne of Caesar have no business here. The best course his dupes can take is to allow themselves to be buried in oblivion."

On the completion of the ceremonies, and as M. Guyot was taking his departure, a Boulangist attempted to assault the minister, at the same time using insulting language. The man was at once placed under arrest.

China's War Ships to Cross the Ocean.

LONDON, Sept. 30.—A dispatch from Shanghai says that the Chinese propose sending their magnificent fleet, now under command of the Chinese naval officers, on a voyage across the Pacific, to prove to the world China's ability to handle a fleet in the open sea. Heretofore the Chinese war ships have been content to cruise along the coasts and islands, with an occasional venture into the Pacific or the Indian ocean.

After the Young King's Life.

BELGRADE, Sept. 30.—While the young King of Serbia, accompanied by his father, ex King Milan, was returning from a drive yesterday, a carriage was exploded beneath his carriage. The authorities allege that the explosion was purely accidental. As far as can be learned no one was injured.

Opposition to Archbishop Walsh.

LONDON, Sept. 30.—English Conservative journals are very disconsolate over the prospect of Archbishop Walsh's elevation to the cardinalate, and express a hope that the pope will hesitate about taking such a step, in view of the archbishop's course in encouraging the plan of campaign.

Lace Factories Still Closed.

CALAIS, Sept. 30.—Eighty lace factories here have been closed in consequence of the strike. At a meeting of 8,000 lace makers here yesterday it was unanimously resolved to continue the strike until the manufacturers accept the terms of the employees.

Condition of Holland's King.

THE HAGUE, Sept. 30.—The condition of the King of Holland, who on Saturday suffered a relapse, has become of the gravest character. Dr. Rosenstein, the famous medical expert of Leyden, has been summoned from that city to the king's bedside.

Signor Castioni Arrested.

LONDON, Sept. 30.—Signor Castioni, who, during the recent revolution in Ticino, murdered Councillor Rossi in the latter's apartments, has been arrested in this city at the request of the Swiss government and will be taken to Berne for trial.

Baron Soden's Mission.

BERLIN, Sept. 30.—It is officially stated that Baron Soden will soon depart for Africa, with instructions to study the best means for the future government of Germany's possessions in that country and to make his report to the present reichstag.

The Czar as Arbitrator.

ST. PETERSBURG, Sept. 30.—The czar has finally consented to act as arbitrator in the matter of the boundary between French Guiana and Dutch Guiana, a question now at issue between the governments of France and Holland.

Cremated in a Hay Stack.

LONDON, Sept. 30.—A poor woman and three children, who had taken refuge at night in a hay stack near Schweitz, Prussia, were cremated by the burning of the stack.

A Count Suicides in Prison.

BERLIN, Sept. 30.—Count Kleist, who recently committed an atrocious assault upon an inn keeper, committed suicide in prison yesterday by hanging himself with his suspenders.

PORTER'S ABSENCE.

Secretary Noble Decides Who Will Be at the Head of the Census Bureau.

WASHINGTON, Sept. 30.—The departure of Superintendent of Census Porter for Europe Saturday, gave rise to a bothersome question as to who should act as superintendent of the bureau during his absence. There is no assistant superintendent of the census and the eleventh census law made no provision for the superintendent's absence. But Secretary Noble found a statute at large that provided that when the head of a bureau was absent his chief clerk should perform his duties. Under this law which applies to all branches of the government service, Chief Clerk A. F. Childs will act as superintendent of the census office.

"Mr. Porter," Secretary Noble says, "has been doing a prodigious amount of work and has made a most admirable superintendent of the census. But he has worked himself completely out, and his physician says a trip to Europe is absolutely necessary to his recovery, perhaps to the preservation of his life. He will not be absent long, and though I did not wish him to go until I found out the urgent necessity of it, I then advised him to take the trip. There have been some criticisms of the census bureau, but they are entirely unfounded. It is true recourses have been necessary in some places, but this is to be expected in a count of sixty million of people. The criticisms have been made by people who were disgruntled over something, and they should have no weight. The work of the census bureau is admirable."

BIRCHALL FOUND GUILTY.

Sentenced to Be Hanged Friday, the Fourteenth Day of November.

WOODSTOCK, Ont., Sept. 30.—After a week's trial the celebrated murder case, in which J. Rex Birchall was being tried for killing Frederick C. Benwell in February last, has ended. The judge's charge to the jury ended at 9:55 last night and the case was then given to the jury. Judge McMahon said quietly that he would come into court at 11:30 to hear the verdict if reached at that time. At 11:30 the judge returned to the court room.

As soon as the judge arrived the jury were asked if they had agreed upon a verdict and replied: "We have."

"What is your verdict?" asked Judge McMahon.

"Guilty," the foreman replied.

"When asked if he had anything to say why sentence should not be passed upon him, Birchall replied: 'Simply I am not guilty of murder.'"

The judge then said: "I fully concur with the jury," and proceeded to pronounce sentence, which was that Birchall be taken to the jail and between the hours of 8 a. m. and — p. m. on Friday, the 14th day of November, be hanged by the neck until dead."

CANADIAN OFFICER'S MISTAKE.

No Cause for Seizing the American Fishing Schooner Davy Crockett.

NEW YORK, Sept. 30.—An Ottawa special to The Sun says: From what can be gathered in official circles here the captain of the government cruiser Critic has made a serious mistake in seizing the American fishing schooner Davy Crockett, at Souris, Prince Edward Island, on the 25th inst. The commanders of Canadian cruisers were instructed to avoid making seizures unless under exceptional circumstances.

It was the wish of the Dominion government that every cause that might raise a dispute over the Atlantic fisheries should be avoided this year while the Behring sea question was in the balance. The captain of the critic has been requested to explain his action at once, and if there is a possible chance of clearing the seized schooner it will be done.

AN OPERATOR'S FAILURE.

It Causes a Passenger Train to Crash Into a Coal Train.

EASTON, Pa., Sept. 30.—The New Jersey Central passenger train due here at 9:10 p. m. ran into a coal train near Lehighton last night. The accident was caused by the neglect of the operator at Lehighton to hold the coal train as ordered. The passengers on the express were shaken up, but not otherwise injured.

The killed are Engineer Bigelow, of the coal train; Fireman Mitchell of the passenger train and Fireman Dunlap, of the coal train. The injured are Taylor Bedford, engineer of the passenger train and two brakemen of the coal train.

Irish National League Disbanded.

CHICAGO, Sept. 30.—A special to The Tribune from Cleveland says: Maj. J. W. Gleason, chief executive of the Ohio branch of the Irish National league, has announced that the league throughout the country has virtually disbanded. The league was once the most powerful organization in the country. All money collected now for the cause of Ireland must be forwarded direct to Harrington and Kenny, members of parliament. Dr. O'Reilly, of Detroit, once treasurer, stepped out of that office when his accounts were satisfactorily examined some months ago.

Fight Between Anarchists and Hebrews.

NEW YORK, Sept. 30.—A special to The Herald from Baltimore says: There was the biggest kind of a row last night at a joint meeting of the Polish Anarchists and the Orthodox Hebrews of this city. There were fully 2,000 people at the meeting, the orthodox Hebrews being largely in the majority. An immense crowd was also gathered before the hall, attracted by the noise from within. Several Orthodox Hebrews defended their faith, when Michael Cohen, an Anarchist, who had only been in this country four months, denounced religion and the American government in the severest terms. Then ensued a bitter fight, the cries being heard squares away. The police finally raided the hall and made many arrests.

Iron and Steel Men.

Meeting of the International Congress in New York.

AN IMPORTANT GATHERING

Hundreds of Delegates Present Many of Them Being From Foreign Countries. Distributing Interesting Papers—Program of Future Gathering.

NEW YORK, Sept. 30.—One of the most notable gatherings of mining engineers and iron and steel manufacturers that has ever occurred took place yesterday afternoon, when the first of the series of sessions to be held by the international iron and steel congress convened at Chickering hall. Owing to the late arrival of over a hundred delegates, who came on the Servia, the hall was not filled until well along toward 3 o'clock.

Among the early arrivals were Sir William Arral, of Glasgow, Robert Bell and Clifton Hall, of Edinburgh; Herr Hovestadt, of Berlin; D. M. Von Douglass, Bennett H. Brough, of London.

At 2:30 o'clock, President Hewitt called the meeting to order and Chairman James F. Lewis made a short address of welcome, in which he expressed the pleasure felt by the New Yorkers at seeing so many guests present. He read the program laid out for the meetings, excursions and lectures for the week.

President Hewitt took the platform after the reading of the program and reiterated the welcome extended by Mr. Lewis, and said that no matter what branch of the iron or steel industry one might look for it would be found in New York city, and that the people of New York were heart and hand in any movement looking to the advancement of the iron and steel business.

Following this came the election of new members. Then J. C. Bayles, of East Orange, N. J., read a paper on "Explosion From Unknown Causes." He related accounts of several explosions that occurred without apparent cause.

Owing to the non-arrival of apparatus with which to illustrate his remarks, Overlin Smith, of Bridgetown, N. J., did not read his article on "Cast Iron Tools for Cutting Metals." It was postponed to the evening session. Several papers were read by title and distributed to the members.

This meeting promises to be the most valuable of any that has ever been held by this institution.

These first sessions will merge into subsequent meetings of the Iron and Steel Institute of Great Britain and Ireland, and the Verein Deutscher Eisenhüttenleute of the German empire, and will be continued in conjunction with them on Wednesday, Thursday and Friday at Chickering hall, and at Pittsburg on Oct. 9 and 10.

WHOLESALE DRUGGISTS.

Annual Convention of the National Association in Washington.

WASHINGTON, Sept. 30.—The annual convention of the National Wholesale Druggists association opened here last night. More than 300 delegates are present. The Proprietary association, a separate organization, many members of which are members of the Druggists' association, are also in session.

The officers of the Druggists' association are as follows: Mr. Van Schaack, of Chicago, president; Daniel Stewart, of Indianapolis, first vice president; H. M. Strong, of Cleveland, treasurer, and A. B. Merriam, of Minneapolis, secretary.

Only business of a preliminary character was transacted last night and the real work of the meeting will begin to-day. The meeting will probably last until Friday.

Prisoners Fire the Jail.

MADISON, Ind., Sept. 30.—At midnight Sunday night the prisoners in the county jail set fire to their mattresses. The night watch discovered smoke issuing from the windows, and gave the alarm. The fire was extinguished after several prisoners had been nearly suffocated. The supposition is that the fire was started in the expectation the doors would be opened and a delivery effected. Ed. Robson and Newton Leach, who started the blaze, will be prosecuted for arson as soon as their present offenses are expiated.

Marietta People Rejoicing.

MARIETTA, O., Sept. 30.—The people here are rejoicing over the news from Washington that Representative O'Neill, of Pennsylvania, yesterday reported from the library committee the senate bill appropriating \$50,000 for the erection of a memorial structure at Marietta, O., commemorative of the settlement of the northwest territory. The building will also be used for the safe keeping of books, papers and relics of that memorable event.

Theatrical Troup Slandered.

LIMA, O., Sept. 30.—The Rapid Transit Comedy company is stranded here. The manager, Charles Seymour, and author, H. Wayne Ellis, left the company Thursday at Piqua, claiming they were going to Cincinnati to raise money. The company struggled here, and after Saturday night's performance burst. They left New York ten days ago.

Killed by a Boiler Explosion.

PERU, Ind., Sept. 30.—At Deedsville, a small town of this county, about 8 o'clock yesterday morning, the boiler of Richard Robbins' large tile mills burst, instantly killing Charles Deeds, an employee.

Reward for Escaped Prisoners.

ELYRIA, O., Sept. 30.—Eight prisoners escaped from the county jail, and the sheriff has offered a reward for their capture.

BENJAMIN FRANKLIN'S HEIRS.

They File a Claim in Court Asking for One Hundred Thousand Dollars.

PHILADELPHIA, Sept. 30.—In the orphan's court yesterday a petition was filed by the heirs of Benjamin Franklin, praying that the sum of \$100,000, now held by the board of city trusts and known as the "Franklin fund," be turned over to them, the ground for the claim being that the provisions of Franklin's will are in violation of the law and therefore void.

Under his will, probated in 1790, Benjamin Franklin bequeathed in trust to the cities of Philadelphia and Boston each the sum of £1,000 sterling to be invested in the form of loans at 5 per cent. interest to "married young artificers" not over the age of 25, to assist them in establishing themselves in business. Franklin had in view the accumulation of a large fund for the purposes specified in his will at the expiration of the period of one hundred years, the remainder to be reinvested for another one hundred years, the same provisions applying to Boston and Philadelphia.

The first period of one hundred years having elapsed the city of Boston has swollen the nucleus of the bequest to about \$400,000, but the Philadelphia fund has only reached about \$100,000. The object of the suit is to compel the distribution of this fund to the heirs of Franklin descended through his only daughter, Sarah Franklin Bache. It is estimated that there are over fifty of these heirs in this city and vicinity.

The contest is based on several grounds, among them what is known as the rule of perpetuities in common law. The law does not provide for the vesting of a legacy beyond the period of twenty-one years after the life time of the legatee, except funds devoted to charity. It is distinctly claimed that Franklin's plan did not contemplate charity, from the fact that interest was charged on the loans. The suit is to be decided in this city before steps are taken to secure the fund held in Boston, but notice has been served upon the trustees of the Boston fund to prevent any disbursement of it pending litigation.

A DEMON WHEN DRUNK.

A Farm Hand Attempts to Decapitate His Employer With an Ax.

MUNCIE, Ind., Sept. 30.—Sunday night John Smily, a farm hand for Benjamin Anthony, four miles from this city, went home crazed with whisky, entered the sitting-room, occupied as a chamber by Anthony and wife, taking with him an ax he got on the wood-pile, with which he was pounding the floor, when Anthony requested him to quit.

At this remark Smily sprang to the bed and struck at his employer as if to decapitate him, but the blade of the ax was availed by Anthony's arm, which was badly cut, the blow knocking him senseless. Smily then was disarmed by Mrs. Anthony and her mother, who put him out of the house.

He cannot be found, and it is thought, after realizing his horrible deed, he sought relief by suicide. Anthony cannot recover from several terrible cuts about the body and a crushed skull. Smily lived four years with Anthony without any difficulty.

Gas Famine Averted.

TOLEDO, O., Sept. 30.—Judge Lemon, of the common pleas court, has decided against the city of Toledo in the injunction proceedings to compel the Northwestern Ohio Natural Gas company to furnish gas at ten cents per thousand feet meter measurement. The company asks twelve cents. The injunction is dissolved and a conference between both parties is now suggested. This is a great victory for the gas company, and the threatened gas famine is averted.

Anniversary Celebration.

PROVIDENCE, R. I., Sept. 30.—The celebration of the one hundredth anniversary of the introduction in this country of cotton spinning by power by Samuel Slater, in the city of Pawtucket, began here yesterday. In commemoration of the fact that Samuel Slater established one of the first, if not the first, Sunday school in America, yesterday was known as Sunday School Day, the morning being devoted to Sunday school exercises.

Had His Name Changed.

NEW YORK, Sept. 30.—John Jacob Armstrong Astor, 4 years old, son of William Waldorf Astor, had his name changed by an order of Judge Daly, of the court of common pleas, to John Jacob Astor. The change goes into effect Nov. 1. The child's grandfather and great grandfather had the name of John Jacob Astor and this was the principal cause of the change.

Dropped Dead in Church.

CINCINNATI, Ind., Sept. 30.—Richard Roberts, an old veteran, dropped dead in the Methodist Episcopal church while attending Sunday school Sunday morning. It is supposed that heart trouble caused his death. Deceased was a prominent member of the Grand Army, and will be buried by the post at this place. He leaves a wife and one grown daughter.

Big Consignment of Tobacco.

NEW YORK, Sept. 30.—The steamer Spaarman, of the Netherlands line, arrived here yesterday from Rotterdam. She has among other cargo 6,500 bales of Sumatra tobacco valued at \$1,500,000, consigned to Water street firms.

Correcting the Census.

NEW YORK, Sept. 30.—The policemen began this morning to correct the alleged inaccurate count of the census enumerators of Statistician Porter.

Death of an Old Editor.

WASHINGTON C. H., Sept. 30.—W. H. P. Denny, aged 89, one of the oldest editors of Ohio and a remarkable man, died here Monday.

EVENING BULLETIN. DAILY, EXCEPT SUNDAY. **ROSSER & McCARTHY,** Proprietors. TUESDAY, SEPTEMBER 30, 1890. **DEMOCRATIC TICKET.** For Congress, HON. THOMAS H. PAYNTER, of Greenup County. It is said Captain Alex. Bruce and Dr. Huff, who have been talked of as Alliance candidates for Congress, have withdrawn in favor of A. M. Lang. The independent Republicans in Pennsylvania are in revolt and are shooting hot shot into the Quay and Delamater ranks. Don't be surprised if the Democrats elect the next Governor of that State. The Constitutional convention was in session forty minutes yesterday, and adjourned without accomplishing anything. The delegates are a long time shaping up the timber that has been offered. The Detroit Sun predicts that the Democrats will carry Michigan this fall by from 5,000 to 10,000 majority. Let us all hope that the Sun will prove a true prophet. If the Democrats do carry the State it will show a big revolution in that section, as the Republicans carried the State in 1888 by 20,000 majority. The Cincinnati Enquirer remarks that "the McKinley bill hit the farmers of this country very sorely by putting a tariff of 25 cents a bushel upon potatoes. We have no potato crop this year from the Atlantic to the Rockies. The farmers have none to eat and few to seed with, and are buying from Canada, at advanced prices for the spring planting." In the past few weeks the Government has paid to the bond-holders of the country over \$9,500,000, on interest that is not yet due. What would be thought of a business man who would pre-pay the interest on his notes a year before it is due? He would be called a simpleton. And here is the National Government forced to adopt this simpleton-like plan to relieve the stringency in the money market. The tobacco growers of Montgomery County held a meeting at Mt. Sterling recently and passed resolutions to the effect that a union of Kentucky tobacco growers be formed to secure fair and remunerative prices for their tobacco, and that a meeting be held in Lexington the second Wednesday in November to perfect the organization. The warehousemen have combined to skin the growers, and the growers will have to combine to protect themselves. There are some wealthy men in the Constitutional convention. It is said President Clay owns 3,000 acres of Bourbon land, besides other property, and is estimated as worth \$450,000. Colonel McHenry is, perhaps, nearest him, with vast interests in railroads, banks, mining and other interests. Governor Buckner is no pauper, and Judge Beckner is rated at \$100,000. Mr. Beckham, of Shelby, stands \$25,000 above this. Judge De Haven is the owner of 12,000 acres of land in Oldham, Henry, Shelby and Jefferson counties, and is a rich man. That the Republicans will resort to the most despicable political methods to re-elect Congressman McKinley has been recognized from the start. They are already "frying the fat" out of beneficiaries of the tariff bill and will flood the district with boodle. That can be set down right now. They will not stop at a little thing of that kind. That the "fat frying" is proving successful is evident from the fact that nine woolen merchants of Philadelphia have "contributed" over \$3,000 to the Republican campaign corruption fund. And the pious Hon. John W. Hamaker was one of the contributors, giving \$500. If one city contributes over \$3,000, what will the Republican corruption fund in that district reach? It is a terrible state of affairs when a lot of politicians go deliberately to work to buy a seat in Congress. The Republican Executive Committee of the State of Texas has issued a circular that makes "interesting" reading for their colored brother. The circular begins with a red-hot protest against the "audacity, arrogance, corruption and treachery of the negro leaders and their followers," as a result of which it declares that "Republicanism in Texas has become a stigma upon American citizenship," a reproach to our civilization and a curse to our country. Evidently Texas Republicans don't have any great love, admiration or respect for their colored brethren. The trouble down there is the colored Republicans captured the late State convention, and nominated the ticket. As long as the negro votes the Republican ticket and doesn't ask for any of the pie, it's all right with his white brother, but when he tries to run the party, as is now the case in Texas, there is a big kick by the white Republicans. At Connersville, Ind., there is a carriage factory that employs three hundred hands and does an immense trade. Ten years ago it was only a little repair shop. The man behind it was energetic, full of vim, and watchful, added a little here and a little there, increased his trade and enlarged his works gradually until to-day he has amassed a fortune and is the owner of a magnificent enterprise that is pouring money into his pockets and is at the same time adding to the prosperity of the city in which he lives. This has all been done in a city the size of Maysville, and possessing no greater advantages. In fact Maysville has better shipping facilities, and is backed by as wealthy a country. Eleven years ago there was a shoe factory at Portsmouth doing a business of about \$70,000 annually. This year the factory will do a business of over \$400,000. It now employs about four hundred hands. A wonderful growth this enterprise has experienced. What we wish to impress upon the people of Maysville is that this city is as good a location for such industries as these other places. What has been done at Portsmouth and Connersville could be done here. We offer the above for the consideration of the Commercial Club and of the citizens generally. The Lexington Transcript says: "The growth of a place is in its suburbs and the rapidity of the increase depends much upon the facilities for quick transportation." Maysville's suburbs, Chester and the "West End," have grown wonderfully in the past ten years, the former having doubled in population. The question of "quick transportation" will soon be settled, as the street railway will be operated by electricity in the course of a month or so. These suburbs are a part of Maysville really, and ought to be included in the city limits. If the owners of real estate and the men who have cash to invest will go to work and be actuated by the proper spirit, Maysville ought to have and will have a population of 15,000 at the end of the next decade. The year 1900 ought to see Maysville with double the wealth and population she now has. But it all depends upon her own citizens, and where all are to be benefited, all should unite and help the cause along. Hon. C. F. Burnam, Madison County's delegate in the Constitutional convention, in speaking to the Louisville Times man of the Republican outlook in Kentucky said "that he considered that his party in the State had recently met with serious loss in the matter of leaders. He was sure that Colonel John Mason Brown would have been its next candidate for Governor had he lived, and that either the lamented Colonel Goodloe or Colonel Swope might have been. 'A possible and worthy candidate would be,' he said 'Colonel Wadsworth, of Maysville, a fine orator, able statesman and elegant gentleman,' but, Mr. Burnam, expected that Mr. Wadsworth, like himself, was a man of too advanced age to want to enter such a canvass now. Indeed, he didn't know just where the party's candidate for Governor was to come from." The Republicans have very few more "Territorial mining camps" to admit to the sisterhood of States. They have reached the end of that string. **REPUBLICAN RECIPROCITY.** What the Hon. John E. Russell, of Massachusetts, Says of It. After the passage of the tariff bill by the House, Mr. Blaine, wishing to cover his Pan-American failure and draw attention from his rival, the Speaker, attacked the bill and proposed to frustrate the whole policy (for which no one is more responsible than he) by forced schemes of reciprocity. His followers responded at once and began to raise a new party cry. But the protectionists, for the sake of protection, have checkmated Mr. Blaine, who is a protectionist for politics, by appending to the Senate amendments a measure of reciprocity delegating the power exclusively vested in Congress by the Constitution to the President, to be used by him at his discretion. Nothing more revolutionary in character or astonishing in absurdity has yet appeared. If the President can do this he can declare war, issue or redeem bonds, coin money and cheapen the silver dollar by putting his own face on it. Nearly all the Republican Senators voted for this amendment, though Mr. Evarts, who has still pride as a lawyer, warned them that it would be impossible to execute it. The Senators from Massachusetts always regarded a Republican Administration as a substitute for the Constitution and voted for it, though it would put the industries of the Commonwealth in peril. The shoe and leather interests would be used in political bargains, and might, at any time, have to meet a tax on hides, imposed by the superior influence of the cattle men; the bank accounts of the sugar refiners would also be subject to call for Republican campaign funds. **Weekly Crop Report.** "The temperature of the past week was nearly normal, the amount of sunshine deficient in the northern and eastern portions of the State, with a slight excess of rainfall in other portions. Upon the whole these conditions have not been favorable to the advancement of crops and farm work. Corn is very backward and ripening very slowly; a frost at the present time would injure it seriously. Some complaint is made that the damp weather is causing it to rot in the field. With favorable weather conditions, however, from now until harvest, a good crop will be secured. Tobacco is being cut slowly, but the weather has been very detrimental to the curing of the crop. It is of generally good quality, but the amount harvested will be less than the average. Pastures are reported to be in excellent condition." **Roars of Laughter.** The audience that greeted George Wilson's Mammoth Minstrels was one of the largest Alabam's Grand Opera House has ever accommodated. Applicants for admission to the orchestra and dress circle were turned away early in the evening, and the gallery, with a seating capacity of 600 people, held 800. With so great a number present, every one willing and anxious to be amused, it is no wonder that the songs of the first part were received with applause and the jokes with roars of laughter. The costumes were handsome and picturesque, the music catchy and well rendered, the wit effervescent and profuse, and the specialties novel and striking. George Wilson, Lew Benedict, Andy McLeod, Will and James Fulton, Tom Lewis and others of ability were in charge of the comical phase of the entertainment, and there was no deficiency in that line.—Washington (D. C.) Post, August 12, 1890. At the opera house Thursday night. Don't miss them. Reserved seat tickets at Nelson's. **River News.** Falling at this point but rising slowly above. A small shipment of coal is on the way down from Pittsburg. The Sherley is due up at 9 o'clock tonight for Portsmouth. The Scotia for Pittsburg and Rainbow for Pomeroy will pass up to-night, and the Bonanza will pass down. **Millinery Announcement.** We have an elegant and complete line of millinery, and are now preparing for our regular reception to be held Tuesday and Wednesday, October 7th and 8th. Mrs. L. V. Davis. When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria. **OUR NEIGHBORS.** MT. GILEAD. John Applegate is convalescent. John Hopper left for Kansas City Monday. C. R. Ross, of Orangeburg, was here one day last week. Will Applegate, of Dobynsburg, was in our midst last Saturday. Jacob Thomas has gone to Willow Springs, Mo., on a business trip. Henry Morgan is visiting friends and relatives in the "State of Lewis" this week. John W. Alexander, our accommodating Sheriff, was here shaking hands last Saturday. E. H. Dobyns has returned home from Pomeroy where he has been visiting friends and relatives. Several hearts rejoiced at his return, while no doubt he left sad hearts behind. **JERSEY RIDGE.** Corn cutting and seeding are now the order of the day. Tobacco cutting is about over. Feels like it is about time, too. The Christian Sunday School at Lawrence Creek has closed. The Methodist will continue through the winter. Quarterly meeting at Old Stone Church last Saturday and Sunday. Rev. J. Reeves, the Presiding Elder, was present. The open session and installation services of the 2d of T. W. will attend. After the installing of officers an excellent programme was rendered. There were about twenty-five members of Fidelity Division present. By request of the vocal music class Mr. Collins Ricketts has consented to teach another session. The scholars have made rapid progress, and Mr. Ricketts is to be complimented on his skillful management of the class. **Louisville Tobacco Market.** Furnished by Glover & Durrett, proprietors Louisville Tobacco Warehouse. Sales on our market for the week just closed amount to 3,003 hhds., with receipts for the same period of 2,980 hhds. Sales on our market since January 1st amount to 116,618 hhds. The past week has shown a more liberal offering of the good to fine grades of burley leaf and lugs, and prices for these grades have been a shade stronger. The medium grades have also brought better prices where they have been strictly sweet and flavorful. The common grades have ranged about the same as the week previous. The following quotations fairly represent our market for burley tobacco: Trash (dark) or damaged tobacco..... 2 00 @ 3 50 Common lugs, not colored..... 4 00 @ 5 00 Common lugs, colored..... 5 00 @ 6 00 Common leaf..... 7 00 @ 8 00 Medium to good leaf..... 9 00 @ 10 00 Good to fine filler..... 16 00 @ 25 00 Select or wrapper leaf..... 25 00 @ 33 00 **FOR RENT.** FOR RENT—A nice, two-story dwelling on Fourth street, with water and gas. Trouts', Market street, Maysville, Ky. sldtf **INCOMPREHENSIBLE.** Why you will exchange your old sewing machine and pay a difference of \$40 or \$50 when you can have it repaired and made as good as new? All kinds repaired and warranted. Twenty-five years experience. Leave orders with E. H. Thomas, 33 Second street, custom boot and shoe store. H. M. WILLIAMS, Adjuster. **FLEXIBLE, DAINY, HEALTHFUL.** **Cork Sole Turned Shoes** Are as flexible and dainty as the finest turn, and are the easiest walking Shoe made, the cork acting as a cushion to the foot. The cork being secured in a pocket, thus forming a part of the Shoe, it is impossible for it to work loose or break up. They are also the most healthful Shoe, as CORK IS A NON-CONDUCTOR OF HEAT AND MOISTURE. It prevents the warmth of the bottom of the foot from radiating and escaping in cold weather, and in warm weather it prevents the heat from the pavements from penetrating the foot. **LADIES** wearing our Cork Soled Turned Shoes needn't fear cold, hot, damp or rough walks. They are as flexible and dainty a Shoe as the lightest turned Shoe made. Come and see them; they are a thing of beauty and comfort. Come and see, also, the largest retail stock of Boots and Shoes in the State. Selling at 25 per cent. less than anybody else sells them. **H. C. BARKLEY'S** **SPOT CASH SHOE STORE.** **SOME** **Seasonable Bargains!** Ladies' Long Sleeve, Ribbed Underwear, medium weight, 25c., fully worth 45c. THE Kentucky Central train yesterday morning brought in an unusually large crowd—"the largest I've seen arrive on a regular train over that road for a long while," remarked Express Agent Payne to the BULLETIN.

THE anti-lottery bill passed recently by Congress has reduced the work of the New Orleans postoffice fully one third. This indicates what an enormously prosperous enterprise the Louisiana Lottery has become.

THE vault for Mitchell, Fitch & Co's bank has arrived, and the work of putting it up is now in progress. It will be two or three weeks before the firm is ready for business.

If you want a paper that will give you all the local news and the news of the busy world, subscribe for the WEEKLY BULLETIN. Remember it costs only \$1 50 a year now, if paid for in advance.

THE Census Bureau announces that the wealth of the country has increased from \$40,000,000,000 in 1880 to \$60,000,000,000 in 1890, and the great bulk of this wealth is owned by a few people, comparatively.

ROBERT HOWE, a Kentucky distiller, has brought suit against the directors of the defunct Metropolitan Bank of Cincinnati for \$51,000, alleged to have been lost through their mismanagement. The suit is to test their liability.

CAPTAIN JAMES BLACKBURN, member of the Constitutional convention, has introduced a resolution which provides that the Secretary of State shall hereafter be elected by the people, instead of appointed by the Governor.

An effort was made to have a clause inserted in the new Constitution requiring that the death penalty for crime hereafter be inflicted only within the penitentiary walls, but the convention voted against the proposition.

TEN years ago, Bob Ingersoll congratulated agnostics with the prediction that ten years from that time two theaters would be built to one church. The time has expired, and here is the Methodist Church alone building churches in the United States at the rate of three a day.—Exchange.

THE Directors of the Ruggles Camp Meeting Association, at their meeting last Saturday, re-elected Mr. I. M. Lane, of this city, President, Mr. Miles Wallingford, of Tollesboro, Secretary, and Mr. Thomas H. Ruggles, also of Tollesboro, Treasurer. The association is out of debt and has a small surplus on hand.

THE cooerage buildings are about completed, and the company will soon be ready to commence business. Now let the attention of the Commercial Club and the citizens generally be directed to some other enterprise. Small industries of a diversified character will add to our prosperity and build up our city. There is plenty room.

EVEN the peanut crop was somewhat of a failure this year. The New York Times says: "Hard days are coming for those who love to crack and munch the savory peanut, and the small boy especially can prepare for misery, for the price is moving skyward. The high price is due, it is said, to the short crops of last year and the year before."

COATES, SON & Co., the great thread manufacturers, whose lithograph and circular advertising has covered the face of the globe, in selling out the private concern to a stock company swore that the profits averaged \$2,130,240 a year for the past seven years; for 1889 they were \$2,373,875. This great business was built up by a judicious and plentiful use of printer's ink. You see, it pays to advertise.

THE Middlesborough Democrat says: "A charming hop was given Tuesday night, last week, at the Middlesborough, by the society young men of the city, in honor of Miss Jennie Wood, of Maysville, who is visiting Mrs. J. Lewis Patton. The music was furnished by the Middlesborough Orchestra, and dancing was indulged in the greater part of the evening. About twenty couples were present."

JIM CUSTER, an employe of Reynolds & Co., railroad contractors at Cabin Creek bridge, had a rather close call yesterday afternoon. He has been on a spree for a few days, and as he was wandering along the track yesterday afternoon, near Bull Creek, he was struck by the westbound F. V. The train was stopped and Jim hunted up and brought to this city, where Dr. Owens dress his wounds. Luckily he received only a few bruises, and was able to walk away from Dr. Owens' office when the latter got through with him. "Maybe you think it's some fun to be struck by that train," remarked Jim to some one who was smiling at the fellow's repeated cries that he "hadn't any friends."

COUNTY COURT DOINGS.

E. E. Pearce, Jr., was appointed administrator of John C. Pearce and qualified with Chas. B. Pearce, Jr., E. L. Pearce and T. M. Pearce as sureties. Appraisers: Chas. B. Pearce, E. L. Pearce and T. M. Pearce.

N. S. Suit resigned as overseer of roads in district No. 1, Sardis precinct, and James Collins was appointed in his place.

A Pleasing Sense

Of health and strength renewed and of ease and comfort follows the use of Syrup of Figs, as it acts in harmony with nature to effectually cleanse the system when costive or bilious. For sale in 50c and \$1 bottles by all leading druggists.

The Railways

H. S. Haynes succeeds J. A. Gleason as Chief Train Dispatcher of the C. and O., with headquarters at Cincinnati.

The gross earnings of forty-three railroads for the third week of September show an increase of 7.86 per cent., and for the second week eighty-seven roads gained 5.86 per cent.

The Kentucky Central will put several new \$12,500 parlor cars on their line between Covington and Lexington this week. When this is done every train on this road between the points named will have a parlor car attached.

The C. and O. keeps up a remarkably good showing in the way of increased earnings. For the third week of September an increase of \$29,651.97 is shown over the earnings for the corresponding week of last year. The figures are:

1890.....	\$164,021.13
1889.....	134,369.16
Increase.....	\$ 29,651.97

During the month of August the Pennsylvania Railroad Company east of Pittsburgh and Erie earned \$5,930,855 gross, a decrease of \$63,109 from 1889. The net earnings were \$2,292,026, a decrease of \$340,448 as compared with last year. These figures make the gross earnings from January 1 to August 31, \$43,263,833, and the net \$12,623,739.

For the Farmer.

English Lady cost Scroggan Bros. \$310 as a yearling. She is now three years old, and the brothers sold her last week for \$10,000.

At Mr. Thomas Tuggle's sale of some live stock last Friday Auctioneer Goggin reports the following prices: ten hogs, \$82.55; three colts, \$189.50; one horse, \$160; one horse, \$35; 1 calf, \$8.

The Bourbon News reports "Apples remarkably scarce, and being retailed by the hucksters at \$1 per bushel. Irish potatoes are scarcer, and there are but few in the hill and as small as hen eggs. They are retailed at 35 cents per peck from the market wagons."

Auctioneer George C. Goggin reports the following as the result of Mr. Thomas M. Downing's sale last Saturday: four cows, \$80; one three-year-old steer, \$36.75; three heifers, \$48.50; two calves, \$18.25; one colt, \$71.75; two mule colts, \$107.50; ten hogs, \$66; two sows and pigs, \$34.75; ten acres of corn brought \$7.00 per acre, and thirteen acres brought \$5 an acre.

Religious Miscellany.

Campbell Street Christian Church of Louisville now has over 400 members.

The great Cumberland Presbyterian revival at Paducah closed with 200 conversions and 100 back-sliders restored.

The endowment of the Kentucky University of Lexington is to be increased from \$60,000 to \$100,000. Elder Shouse will solicit funds.

Dr. David Morton, Southern Methodist Church Extension Board Secretary, has, in the past eight years, raised \$430,000, and aided in building 1,900 churches.

The Treasurer of the Christian Church Orphans' Home at Louisville makes an urgent appeal for funds to support this charity. He says there are 60,000 Christians in Kentucky, and only a small sum from each is all that is asked.

Here and There.

Miss Betty Martin, of Huntington, W. Va., is visiting her mother at Valmont, Lewis County.

Miss Marcella Cullen, of Rudd's Mills, Bourbon County, is visiting relatives and friends in this city.

SOME MINER MATTERS.

Not minor matters, mark you.

The matters we have in view are far from being minor or unimportant. But of course you understand the point.

Miner Matters Are Shoes.

Nobody in Maysville can think of MINER without thinking of Shoes. What we want is that nobody in Maysville think of Shoes without thinking of MINER. We want them to think

Miner Sells Good Shoes.

But we don't want them to say regretfully, "Yes, but I can't afford to buy good Shoes."

That's the way of it.

Lots of people think that a good Shoe, such as we sell, must be an expensive luxury. We want it remembered that our GOOD shoes are as cheap as not-good Shoes, price against price. And when quality is considered, our good shoes are cheaper than not good Shoes.

Know everybody that

MINER Sells Good Shoes Cheap.

Washington Dispatches

The Senate Almost Through Its Session.

BRIEF SUMMARY OF THE WORK

Over Three Thousand Messages Received and Acted On—But Two Nominations Have Been Rejected This Session. House and Senate Proceedings—Other Events Taking Place at the National Capital.

WASHINGTON, Sept. 30.—The senate has almost cleared up the executive business which has come before it during the present session of congress. It has received during the session 3,472 messages, each message, except those of unimportant naval and army promotions, representing a single nomination. All of these had been acted upon at 5 o'clock yesterday, except thirty-three. Ten of these were received yesterday afternoon from the president.

Only two nominations have been rejected at this session—those of J. E. Evans, collector of internal revenue for the Fifth district of North Carolina, and H. H. Schrook, postmaster at Selin's Grove, Pa. Several nominations will doubtless be left hanging at the time the senate adjourns. The president has withdrawn thirty-nine nominations during the session, but the withdrawals were due to clerical errors in the messages or deaths of nominees.

House Proceedings.

WASHINGTON, Sept. 30.—In the house yesterday Taylor, of Ohio, moved non-concurrence in senate amendments to the bill to define and regulate the jurisdiction of United States courts. He wished the bill to go to the conference with the expectation that it would go over until the next session.

On motion of Mr. Cutcheon, of Michigan, the conference report on the bill to increase the efficiency of the signal corps of the army, and to transfer the weather service to the agricultural department, was agreed to.

Senate bills were passed authorizing the construction of bridges across the Missouri river in Boone county, Mo., and Quintard, Kan., and across the Osage river at Benton, Mo.

On motion of Mr. Dingley, of Maine, the senate joint resolution was passed requesting the secretaries of state, war, treasury and navy departments to submit to congress propositions for the enactment into law of the recommendations of the international marine conference.

The house then took a recess until 8 o'clock—the evening session to be for the consideration of bills reported by the committee on Indian affairs.

At the evening session of the house, senate bills were passed for the sale of the Klamath River Indian reservation, authorizing the conveyance of certain absentee Shawnee Indian lands in Kansas; granting to the Newport and Kings Valley Railroad company right of way through the Siletz Indian reservation; giving the assent of the United States to certain leases of rights to mine coal in the Choctaw nation, and to provide for railroad crossings in the Indian territory.

The house then adjourned.

In the Senate.

WASHINGTON, Sept. 30.—The senate passed senate bill giving assent to leases of rights to mine coal in the Choctaw nation.

The conference report on the bill to relieve settlers on northern Pacific indemnity lands, was agreed to.

The conference report on the deficiency appropriation bill was presented and explained by Mr. Hale. He said that the senate conferees had yielded the French spoliation amendment because of the persistency of the house, but the subject would be taken up at another session. The report was agreed to.

The conference report on the tariff bill was then presented and read at length.

No vote was taken on the bill. Several Democratic senators showed a disposition to make speeches, and as Senator Carlisle, who is to make the closing speech for the Democratic side was not feeling well, it was agreed that the close of the debate shall come this afternoon. Mr. Aldrich asked Mr. Carlisle to agree to a limit of two hours for each side to-day, the vote on the report to be taken at about 5 o'clock. Mr. Aldrich will make the closing speech of the debate. The members of the finance committee feel assured that there will be few, if any Republican votes against the report. In fact, the only vote which seems at all sure to be cast against it, is that of Mr. Paddock.

Without any further action the senate then adjourned.

Several Important Nominations.

WASHINGTON, Sept. 30.—The president yesterday sent to the senate the following nominations:

Smith A. Whitfield, of Ohio, to be first assistant postmaster general. James Lowrie Bell, of Pennsylvania, to be second assistant postmaster general.

S. H. Boyd, of Missouri, to be minister resident and consul general of the United States to Siam.

Joseph Black, of Ohio, to be United States consul at Buda-Pesth.

Charles H. Shepard, of Massachusetts, to be United States consul at Gothenberg.

Not Long for this World.

NEW YORK, Sept. 30.—The Sun Monday said: Dispatches received in this city announces the dangerous illness of Frederick Billings, ex-president of the Northern Pacific railroad at his home in Woodstock, Vt. His death has been only a question of time since last December when he was prostrated by a stroke of paralysis.

Thrashing Boiler Explodes.

BUXTON, N. Dak., Sept. 30.—The boiler of a steam thrasher exploded yesterday morning, killing Osmond Knutson and Charles Stein. Knutson was badly hurt.

AN AGREEMENT REACHED

By the Conferees on the Deficiency Appropriation Bill.

WASHINGTON, Sept. 30.—The conferees on the deficiency appropriation bill came to an agreement Monday morning. The bill as it passed the house appropriated \$5,230,536. The senate increased this appropriation by \$2,644,956, making the amount carried by the bill as it passed the senate \$7,875,492. The conferees reduced this amount \$1,208,288, leaving the total as agreed to in conference \$6,667,204.

The conferees reinserted the appropriation of \$10,000 for completing public building at Winona, Minn., and agreed to the item of \$10,000 for completing building at Texarkana. The item for town sites in Oklahoma was increased from \$15,000 to \$25,000. The senate appropriation of \$1,299,000 to pay French spoliation claims and the item of \$12,000 for a steam vessel in Puget sound were struck out.

Physicians Puzzled.

CINCINNATI, Sept. 30.—The city hospital physicians report the condition of Fred. Andrews slightly better. Mr. Andrews' case is considered by many the most remarkable on record. The patient is paralyzed, and of course is unconscious of any pain. When he was taken to the hospital about three weeks ago, his condition was such that it was not thought he would live twenty-four hours, but despite the predictions, he is alive to-day, and may pull through. He is very weak, and takes but little nourishment. This is unfavorable, but the hope of his recovery is based upon his strong constitution.

Mike Kelly's Position Next Year.

CLEVELAND, Sept. 30.—After the Boston Brotherhood club left the city, President Johnson of the Cleveland club said: "You may say authoritatively that I have secured Mike Kelly to manage and captain the Cleveland team of 1891. Mike has his faults, but is a winning player and I want the championship flag to float in Cleveland just once. Tebeau will captain the team when Kelly is off the field."

Smallpox at New York Quarantine.

NEW YORK, Sept. 30.—The Italian steamer Stura arrived here this morning from Mediterranean points with 400 immigrants on board. As smallpox had developed among her passengers she was held at quarantine. A child, 3 years old, which arrived with its parents yesterday on the French steamer La Bretagne is at the barge office hospital suffering from smallpox.

Anti-Slavery and Anti-Lottery.

FRANKFORT, Ky., Sept. 30.—The amended bill of rights was presented to the Kentucky constitutional convention yesterday morning and made a special order for Friday next. The most important features of it are an anti-lottery clause and an anti-slavery provision.

Boiler Makers Assign.

ST. LOUIS, Sept. 30.—The well-known Rohan Brothers, boiler manufacturers, have filed notices of assignment for \$145,000. The assignee is William L. Johnson. Arrangements are pending whereby they may be enabled to continue business.

Train Wrecked by a Cow.

MINNEAPOLIS, Sept. 30.—A Des Moines, Iowa, special to The Tribune says: A destructive wreck occurred yesterday near Eldorado Junction. A freight train struck a cow at the approach of a high trestle and nine cars and the engine were plunged into the ravine. The wreck caught fire and everything was burned. The train crew escaped without injury.

Need More H. O.

BOSTON, Sept. 30.—The furnace workers of Boston and vicinity, who, as an independent union have vainly endeavored to force a nine hours' work day, having become convinced that the aid of the entire trade will be necessary to attain this end, last night voted to affiliate with the Furnace Workers' International union, and will be initiated Wednesday.

A Tobaccoist Suicides.

RICHMOND, Va., Sept. 30.—Lewis M. Griffin, a well known tobaccoist of this place, committed suicide this morning by shooting himself with a revolver. He was to have been married on Oct. 8.

Death of a Prominent Citizen.

RICHMOND, Va., Sept. 30.—E. O. Courtney Jenkins, a prominent citizen and assistant postmaster under President Cleveland, died yesterday. He had been in feeble health for some months.

Penalty of Poker.

LIMA, O., Sept. 30.—Curt Hurlbut's poker den was raided Saturday night. Yesterday he was sentenced to ten days in jail, fined \$50 and gave \$500 bond for one year's good behavior.

THIRTY-SIXTH ANNUAL EXHIBITION

—OF THE—

UNION

AGRICULTURAL SOCIETY

Will be held on the grounds at Germantown,

OCTOBER 1, 2, 3 and 4.

It is a well known fact, both at home and abroad, that the premiums awarded at the "Old Reliable" Germantown Fair are the most highly prized of any in the State. The premium stock throughout Kentucky and Ohio all come to Germantown to test the question of supremacy. This fact has gained for us the sobriquet, "The Court of Appeals Fair of Kentucky." New ideas prevail. New features predominate. Every day a banner day.
